ABOUT THE COLLEGE

The College of Health Environmental and Safety Studies offers a range of HSE and related programmes, geared towards providing you with the technical competence required for discharging your duties as it relates to occupational safety and health.

ABOUT NEBOSH

NEBOSH qualifications are recognized and respected by employers in all business sectors and provide the benchmark standard against which others are compared. They are offered by over 400 course providers throughout the UK and overseas.

NEBOSH NATIONAL GENERAL CERTIFICATE IN OCCUPATIONAL HEALTH AND SAFETY

For Whom is the Programme designed?

The NEBOSH National General Certificate provides an excellent foundation in health and safety for managers, supervisors and people starting out on a career in health and safety. It provides a broad understanding of health and safety issues and enables one to manage workplace risks effectively. Many people take the NEBOSH National General Certificate as a first step in a career in health and safety. It gives a valuable overview, and is a sound basis for further professional study.

What can I benefit from the programme?

This comprehensive programme will give you an excellent grounding in the fundamentals of occupational health and safety management. Passing the written and practical assessment exams will also give you internationally recognized certification, which is a pre-requisite unto the NEBOSH Diploma.

Minimum Entry Requirement:

Applicants must possess Three (3) C.X.C subjects, one of which must be English.

Structure of the Programme

The qualification is divided into three units, each assessed separately:

UNITS

- NGC 1- Management of Health and Safety
- NGC 2- Controlling workplace hazards
- NGC 3- Health and safety practical application
