## ABOUT THE COLLEGE

The College of Health Environmental and Safety Studies offers a range of HSE and related programmes, geared towards providing you with the technical competence required for discharging your duties as it relates to occupational safety and health.

## ABOUT NEBOSH

NEBOSH qualifications are recognized and respected by employers in all business sectors and provide the benchmark standard against which others are compared. They are offered by over 400 course providers throughout the UK and overseas.

## NEBOSH NATIONAL DIPLOMA IN OCCUPATIONAL HEALTH AND SAFETY

This is an internationally recognized higher level qualification for health and safety practitioners. It is an award respected by employers and provides the holder with the core professional knowledge needed to build a career in health and safety. This qualification meets the academic requirements for corporate membership of the Institution of Occupational Safety and Health. (IOSH) and allows award holders to use the designatory letters 'Dip nebosh' after their names.

### For Whom is the Programme designed?

This programme is designed for health and safety professionals who require a high degree of managerial and technical competence in ensuring a level of effective management exists across the range of employment sectors – including those where complex and high level risks pose a threat to life and/or the organization.

### What can I benefit from the programme?

On completion of the course, delegates will be able to:-

- Deal competently with most safety and health problems

- Know where to obtain specialist expertise.
- Hold a responsible position in a Health & Safety Department.
- Operate as a Health and Safety Adviser

## Entry Requirement

- ❖ NEBOSH National General Certificate
- ❖ Diploma (local) in Occupational Health and Safety
- ❖ Associate Degree in related studies
- ❖ First/Second Degree in Related Studies
- ❖ Other relevant qualifications and/or experience

## Structure of the Programme

Preparatory Unit: Core Skills-Communication Skills and Training Skills

- Unit A: Managing Health and Safety
- Unit B: Hazardous Agents in the Workplace
- Unit C: Workplace and Work Equipment
- Unit D: Assignment: Application of health and safety theory and practice.

## Unit D Assignment

A workplace-based assignment (Unit D) is set up by NEBOSH and marked externally. This assignment brief is designed to test knowledge across the breadth of the National Diploma syllabus. Students would receive adequate guidance relating to NEBOSH requirements for completion of this assignment.

## Course Fee

Available upon request.
